

## DYNOMAX TRUCK STAXX™ UNIVERSAL SYSTEM

**DynoMax has taken the guesswork out of fabricating and converting a heavy-duty truck exhaust system.**

The DynoMax Truck Staxx kit enables light-truck owners to convert their existing exhaust outlet using two upright stacks located behind the passenger compartment.

Available with either a 4" straight or angled outlet.

Each DynoMax Truck Staxx kit includes stacks reducers, elbows and hardware for a complete installation. A 4" splitter tee is available separately to adapt dual stacks to single exhaust applications. Rain caps are available separately for straight stacks.
