

Clamps

Find the perfect sealing solution for your hot rod or race car.

DynoMax® has you covered from the budget friendly U-Bolt Clamp to the great looks and ease of exhaust installation and removal of the polished Stainless Steel Mega Clamp.

New to our Clamp offering, the AccuSeal™ Clamp combines the high clamping force of the U-Bolt Clamp with all the advantages of the Mega Clamps. These clamps also have the added advantage of being effective very close to a bend in the pipe where a Mega Clamp would be too wide to seal effectively.
